

M2702

- SPONGE PRODUCT -

◆ SPECIFICATION ◆

MINEARL	Aluminum Oxide
BASE MATERIAL	Sponge
APPLICABLE PRODUCT SHAPES	Sheet

◆ PRODUCT LIST ◆

TYPE		GRIT	SIZE (mm)	THICKNESS (mm)	CARTON
M2702	●	#400	75X100	5	20
	●	#800	75X100	5	20
	●	#1500	75X100	5	20

◆ FEATURES ◆

- Its cushioning properties make it soft and easy to blend into curved surfaces.
- It is ideal for achieving a fine and uniform finish through grinding.
- Mainly when used in a wet manner, it reduces clogging and achieves a long life with fine polishing.

◆ USAGE AND APPLICATION ◆

- It can be used for undercoating, rust, removal, automotive sheet metal, coating film, wood finishing and plastic grinding among other applications.
